THE RIVER PATH.

BY J. G. WHITTIER.

No bird song floated down the hill,
The tangled bank below was still.

No ripple from the birches stem,
No ripple from the water's hem.

The dusk of twilight round us grew,
We felt the fallings of the dew:

For from us, ere the day was done,
The wooded hills shut out the sun.

But on the river's farthest side,
We saw the hill-tops glorified—

A tender glow, exceeding fair,
A dream of day without its glare.

With us the damp, the chill, the gloom,
With them the sunset's rosy bloom:

While dark through willowy vistas seen,
The river lies in shade, between.

From out the darkness where we trod,
We gazed upon those hills of God.

Whose light seemed not of moon or sun;
We spake not but our thought was one.

We paused, as if from that bright shore
Beckoned our dear ones gone before;

And stayed our beating hearts to hear
The voices lost to mortal ear!

Sudden our pathway turned from night,
The hills swung open to the light;

Thro' their green gates the sunshine showed;
A long, lank splendor downward flowed.

Down glade and glen and bank it rolled,
It bridged the stream with gold:

And borne on piers of mist, allied
The shadowy with the sunlit side!

'So,' said we, 'when our feet draw near
The river dark, with mortal fear,

And the night cometh chill with dew,
O Father! let thy light shine through!'

So let the hills of doubt divide
So bridge with faith the sunless tide!

So let the eyes that fall on earth
On thy eternal hills look forth:

And in the beckoning angels know,
The dear ones whom we love below!

THE ITALIAN INSURRECTION.—The movement against Rome has developed much greater strength than it was thought to possess. No doubt existed of its popularity, but there was little expectation it would be sustained by the people in face of an apparent purpose on the part of Victor Emanuel and Napoleon to resist it. The prompt arrest of Garabaldi and the proclamation announcing the intention of the Italian Government to maintain its treaty obligations in good faith, seemed to indicate resolute resistance. Yet the movement has spread and gathered strength as it spread, and we hear of no forcible opposition except from the troops of the Pope himself, who have been defeated in a considerable engagement. But a few more days, without the interposition of the royal arms, and the fate of Rome would be decided, as was that of Parlermo and Naples, in favor of the revolutionists. The tardiness of Victor Emanuel, coupled with the fact of his reported appeal to the great Powers against the very treaty which he at first invoked, awakens suspicion that he is after all conniving at a government which he believes himself powerless to defeat. Unrestrained by treaty obligations, and by any fear of foreign intervention, it is to be presumed that Victor Emanuel would heartily rejoice in the downfall of Papal temporality, and in the establishment of his capital at the Eternal City. By opposing a formidable popular movement in this direction he incurs the risk of converting it into a revolution for the establishment of a Republican government. His temporizing policy on the Papal question has already made him an object of suspicion and denunciation with the Republican leaders who cooperated with him before to secure the unity of their country. His position is, therefore, a peculiarly delicate one—on one hand restrained by treaty obligations, on the other by concern for his own prestige and throne.

Meanwhile, why does Napoleon make no demonsfration of sustaining him? Is he really conniving at the movement on Rome after all? Does he hope to see the Pope driven from his territory before France is able to interfere? Or does he dread provoking a war with the Italian people which might end in a successful revolution? It is believed that the Emperor would gladly see the political power of the Roman Church abated, if that could be done without blame or danger to his government. The Papal influence is not over friendly to his dynasty and might be cast for the legitimists in the event of a disputed succession. Reduced to the condition of a merely ecclesiastical chief, the Pope would have less power in such an event. Only let the Garabaldians move rapidly enough, and gather head to move successfully, and Napoleon may not be heard from again uhtil after Rome is won. Unless some such covert purpose as we have indicated, controls this matter, it is difficult to account for the tardiness of the Italian and French governments. A few days however, will probably decide it the Garidaldians are to succeed or are to be suppressed. At present the red-shirted General seems to be more the King of Italy, captive though he is, than the King himself, and it is certain he has the sympathy of the whole of liberal Christendom. Despite his vagaries and epistolatory follies, he is a great leader, an unselfish enthusiast in the cause of liberty, and the incarnation of a nation's spirit.—*Bulletin.*

FEMALE SUFFRAGE.—The following is a report from George Francis Train's Madison (Mo.) speech on female suffrage. He says:

"What about woman's suffrage?" asked a Senator. I am for it. It is the only self edge we can have on the negro's voting. [Oh, and hisses.] I believe with these distinguished Senators, that woman is a man and a brother. [Loud cheers and laughter] Women are more virtuous than men—more moral, less brutal. Besides, women rule their homes—why not help save the nation? [Applause.] Give us woman suffrage and I will organize a million of my Irish girls to vote down Fifth avenue and vote your speaker in the White House. [Loud cheers and some dissent.] Women should vote. Why should the plantation boor—the unlettered, ignorant African, whose hair grows up and back into his head like the Banyan tree—whose leg is set in the middle of his foot [laughter,] who has nine cubic inches less brain inside his thick skull [hisses:] who has only one hundred and fifty pores to the square inch of cuticle, which accounts for our being able to smell him for half a mile. [Laughter and hisses.] Why should the half savage of the backwoods plantation make laws for Anna Dickinson or Harriet Beecher Stowe?—legislate for your wives, honorable Senators, or mine? [Applause.] What man dare say his soul's his own at his own table? ["How is it with you, Train?"] I am the best managed husband on the continent. [Laughter.] I say I am ready to take the stump for woman suffrage. [Applause.] It will purify the polls; they will vote down houses of bad repute; vote down faro banks; vote down groggeries, shut up rum shops and close the gin palaces. [Loud applause.] They will vote for men for office who are willing to preach this sermon and practice it. Don't drink, don't smoke, don't chew, don't swear, don't gamble, don't have but one wife, don't be a David or a Solomon ["Oh,"] don't steal jewels like a Moses, [applause]; don't cheat Esau, like Jacob; love God, but don't love God so much that you have no time to love your fellow-man [sensation]; love truth, love virtue and be happy. [Loud applause.]

CHOICE OF A HUSBAND.—An Athenian, who was hesitating whether to give his daughter in marriage to a man of worth with small fortune, or to a rich man, who had no other recommendation, went to consult Themistocles on the subject. "I would bestow my daughter," said Themistocles, "upon a man without money, rather than money without a man."—*Exchange.*

Fond "parents" don't agree with Themistocles now-a-days.

WHEN Bishop Asbury "run" the Methodist Church, there was one circuit in Virginia where the ladies were so fascinating that all the young preachers sent there were soon taken captive. The Bishop thought to stop this by sending thither two decrepit old men, but, to his great surprise, both were married the same year. He exclaimed in disgust: "I am afraid the women and the devil will get all my preachers!"

A MENDICANT well known in the neighborhood of the church of the Madeline, Paris, addressed to a gentleman the following irresistible appeal: "I am poor, monsieur, but I am religious. I want but one of the saving virtues. I have Faith. I have Hope; it remains with you to give me Charity."

AN Irishman being in one of our city churches where the collecting apparatus resembles an election box, on its being passed to him whispered in the carrier's ear that he was not naturalized, and could not vote, but he was ready to make a speech.

THE ladies say that the new cocoa-nut waterfalls are just the thing to wear with a gourd-dress.

Copy of the Report of the Committee of Awards a the Fair of the

AMERICAN INSTITUTE

NEW YORK, 1865.

To the FLORENCE SEWING MACHINE CO. for the Best Family Sewing Machine,

HIGHEST Premium! Gold MEDAL!

REASONS:

1st.—Its simplicity and great range of work.
2d.—The Reversible Feed Motion.
3d.—The perfect finish and substantial manner in which the Machine is made.
4th.—The rapidity of its working and the quality of the work done.
5th.—The self-adjusting Tension.

The Florence was awarded the first and highest premium at the State Fair of California, the only Fair on the Pacific coast at which any two double thread Sewing Machines were exhibited in competition in 1865.

The Florence received the only premium awarded, by the Mechanic's Institute of San Francisco, in 1864 and 1865, to any Sewing Machine, Sewing Machine Co., or Agent. The claim of a competitor to a medal is without any foundation whatever.

Wherever the Florence has been brought in competition with other Sewing Machines, it has always been declared the best. It is the most simple, the most substantial, the most efficent, and its use is easily learned. Every Machine sold is guaranteed in the full sense of the word.

REMOVAL.

DR. TOZER,

Formerly of Lock Hospital, London,

Would most respectfully call the attention of the public of San Francisco and vicinity to the fact that he has removed his MEDICAL INSTITUTE from the corner of Jackson and Kearny streets,

TO 108 MONTGOMERY STREET, Adjoining Occidental Hotel,

Where he will be in attendance daily to administer to the wants of all those who may require his services.

It is impossible here to mention all the diseases with which he is familiar; some, perhaps, will not be out of place. The most formidable, the most destructive to mankind is Self-Abuse. The brain being the seat of the disease, the whole system suffers in consequence. I will here enumerate some of the symptoms, so that those afflicted may be able to form an opinion in regard to their complaints and seek advice in time, thereby saving themselves a world of suffering:

Nervous Debility, Loss of Memory, Pain in the Limbs and back, Palpitation of the Heart, Trembling of the Limbs, Headache and an aversion to Genial Society, especially that of Females.

There are a great many more, but these are sufficient, and should you be suffering from any of them, call on DR. TOZER, and he will cure you in a short time, without any interruption in your business—or state your case by letter, and there will be no occasion for your calling at the office.

STRICTURE OF THE URETHRA

Is another formidable enemy to health. Send for one of my circulars on that disease, and inform yourselves of its terrible results. The worst cases cured in a few days.

DR. TOZER has for the last forty years given his entire attention to the TREATMENT AND CURE of SPECIAL COMPLAINTS, and will GUARANTEE a cure in all cases. His remedies are Purely Vegetable, and positive in their action.

His remedies for all FEMALE COMPLAINTS have been tried in this City and State for the last fifteen years, with the greatest success.

His FEMALE PILLS are unrivaled in the cure of suppression of the monthly sickness. Price, $5 per box—to be had at the office only. Sent by mail or express on receipt of price.

A CARD FROM THE

AMERICAN WATCH COMPANY,

Of Waltham, Mass.

This Company beg leave to inform the public that they commenced operations in 1850, and their factory now covers four acres of ground, and has cost more than a million dollars, and employs over 700 operatives. They produce 75,000 Watches a year, and make and sell not less than one-half of all the watches sold in the United States.

The difference between their manufacture and the European, is briefly this; European are made almost entirely by hand, and the result is of necessity a lack of that uniformity, which is indispensable to correct time-keeping. Both the eye and the hand of the most skillful operative must vary. But it is a fact that, except watches of the higher grades, are the product of the cheapest labor of Switzerland and the result is the worthless Ancres, Lepines and so-called Patent Levers—which soon cost more in attempted repairs, than their original cost. Common workmen, boys and women, buy the rough separate parts of these watches from various factories, polish and put them together, and take to the nearest watch merchant, who stamps and engraves them with any name or brand that may be ordered.

How American Watches are made.

The American Waltham Watch is made by no such uncertain process—and by no such incompetent workmen. All the Company's operations from the reception of the raw materials to the completion of the watch, are carried on under one roof, and under one skillful and competent direction. But the great distinguishing feature of their watches, is the fact that their several parts are all made by the finest, the most perfect and delicate machinery ever brought to the aid of human industry. Every one of the more than a hundred parts of every watch is made by a machine—that infallibly reproduces every succeeding part with the most unvarying accuracy. It was only necessary to make one perfect watch of any particular style and then to adjust the hundred machines necessary to reproduce every part of that watch, and it follows that succeeding watches must be like it.

The Company respectfully submit their watches *on their merits* only. They claim to make

A Better Article for the Money

by their improved mechanical processes than can be made under the old fashioned handicraft system. They manufacture watches of every grade, from a good, low priced and substantial article, in solid silver hunting cases, to the finest chronometer; and also ladies' watches in plain gold or the finest enameled and jeweled cases; but the indispensable requisite of all their watches is that they shall be GOOD TIMEKEEPERS. It should be remembered that, except their single lowest grade named the "Home Watch Company, Boston," ALL Watches made by them

ARE FULLY WARRANTED

by a special certificate, and this warrantee is good at all times against the Company or its agents.

WHY NOT GWIN?—We are to have a U. S. Senator elected this winter, for Congress has passed a law putting it out of the power of the Union Senate, to put the election off if they were so disposed. The Democrats will therefore have their say as to the man. We have already spoken of Mr. Tilford, as fit for the position if the moderate wing of the party is to win.; but as there is some doubt of their ability to do so, we wish our readers to prepare their minds for the probable candidats of the other wing. Long Primer Hall has declared for Tod Robinson, but we think a little gentle persuasion might induce him to favor the Duke. We offer in favor of Gwin, 1st, his great ability. Second, his prodigious industry. Third, his long experience. Fourth, his great services to the party. Talk of Hoge, Henley, Rose, Wallace, Hartley, or any of that class! they are not to be mentioned in the same breath with Gwin, on any ground, except possibly, availibility. And may we not assume that the bold, and radical Democracy will assert themselves, and demand places for their representative men? Next to Davis and Lee, Gwin deserves the highest consideration. Did he not enter heartily into the lost cause? Has he not suffered with the sacred martyrs? Have not the cruel walls of a prison chilled his brow? And now that conservatism is lifting her triumphant head, why should not her veterans claim first seats and highest honors? By all means give us Gwin. Who has done more for California? Let us not be charged with ingratitude. Let us not be cowardly or inconsistent.

RAILROAD APPOINTMENT.—The Central Pacific Railroad Company has appointed as Assistant Superintendent J. R. Watson of Sacramento city, who has been a conductor on the road since its commencement, *vice* J. G. Saxe, removed.—*Union.*

We congratulate Mr. Watson on his well deserved promotion, the R. R. Company on securing for the responsible position an honest, capable and worthy officer, the public on the assurance they may feel that great care will be exercised to prevent collisions and accidents. The patrons of the C. P. R. R. have great reason for gratitude that no serious accident has ever occurred on the road, as well as ample security for the future.

THE Marysville Daily *Telegraph* hoists the following: National Union Ticket.—For President in 1868, Major General Philip H. Sheridan, of Ohio. For Vice President John Bidwell, of California. Subject to the decision of the National Union Convention.

THE San Jose *Mercury* attributes the defeat of the Union party in that county to the increased accession of population during the last two years, two-thirds of which are Democrats.

LETTER FROM IOWA HILL.

IOWA HILL, Oct. 21, 1867.

EDITOR ENQUIRER:—Since our last communication "Eyes" has been looking for more sights among the mines and miners of this place, particularly up Roach Hill way, where he has seen some of the most interesting sights that a man of mining interest could wish to see. During our trip up there yesterday we were surprised at the amount of work being done preparatory to the ensuing campaign, which usually exists during the wet weather. Our attention was first drawn to the hydraulic rig of Mr. Jefferis on his Homeward Bound claim, so cheap and yet *effective*, can be used with much or little water; even during our late rain he had the water on and made the rich gravel fly quite briskly. Next we observed that a tunnel was being driven through the hill back of the old Duch and Wheeler Co.'s claims, for the purpose of accommodating the Hill ditch, thereby leaving the two companies free to wash the old one away. The tunnel is being driven from both ends and will doubtless be through about Christmas. The Pacific Company is still at work opening their ground and will begin to "breast" about New Year's We were informed that the Columbus Company had within their mine a hand cement mill, which excited our curiosity so much that "Eyes" at once concluded to see it; so gaining permission from the foreman we at once started into the tunnel that led to the mine. When we reached there we were exceedingly surprised at the simplicity of the machine. It is simply a sort of a trip hammer concern, and it is astonishing the rapidity the cement yields to the blows, and the richness of the cement is just about as astonishing. Gold could be seen in every piece you might pick up. At the Shelby Company's dumps we saw a monstrous hill of pay dirt waiting for water. A little further up we saw Keeffe opening the old Baltimore tunnel for the purpose of working old ground. Still above, and we found Davidson and Wilson carrying out first-rate looking dirt from their new tunnel. During our walk we came across our old friend Nahor, Superintendent of the Root Hog or Die Company, who has been away on scientific pursuits for the benefit of the company all summer. He has again taken charge of the mine, but intends to work on different principles, and therefore has begun work at the lower end of the mine (situated about one mile from the old works), and has already struck the blue gravel, which prospects four bits to the pan. The old Live Oak Company are vigorously driving their tunnel ahead, expecting to strike the lead every day, and numerous other mines are being carried on in such a manner as to convince any observer that they are not "played out," but on the other hand are "playing in"—to the pockets of their owners a suitable reward for their labors. In my next we will look about Bird's Flat and see what can be seen by

EYES.

CONCILIATION.—We assure these time-serving journals, once for all, that we will not support nominations that are made through political trickery, or advocate for office men who we are satisfied are unfit for the position they seek. Those journals may do it which have not the manliness to do otherwise. They may, however, see the necessity in the future of counseling their party friends not to put up candidates who will fail to obtain the votes of the many whose Union principles are beyond all question.—*Union.*

Would the writer of the above scuttle a ship or cut a throat? Possibly not, but he would certainly kill the best political party that ever existed, if he could, and revive the worst.

THE Dutch Flat school girls who live about Alta ride to and fro on the cars, free gratis, for nothing. Not to be outdone in the cause of education by the Railroad Company, Messrs. Seffens and Morris tender the damsels the free use of their coaches to and from the depot, taking them up and setting them down before the school house door. Thus our mountain maidens pursue by rail and bus the path of knowledge, smiling at the airs of city school girls.

AN OWNER WANTED.—The devil of this establishment, during his perambulations round town the past week, found a waterfall weighing between eight and fifteen pounds. The owner is requested to call and take the thing away or it will be dissected and a scientific account of its contents given. It is the oddest looking concern that ever we saw, the dimensions are huge, and if the owner entertains any doubt as to her ability to snake it off the asssistance of the devil is at her service.

SHOOTING.—A negro named John Thomas squatted on a piece of land in Oakland and had made threats against parties attempting to dispossess him. A warrant was issued, and officer Richardson went to serve it, he was shot, and instantly killed.—Thomas and his wife were arrested and are now in jail at San Leandro.

☞ NOTICE the advertisement of Mr. S. Heyman. He has an agency for Placer and Nevada counties, and the state of Nevada, for the sale of Marks' celebrated ale and porter, which are said to be superior to the best English manufacture, and are told at a less price. Those partial to malt liquors should give him a call.

MORE LOGIC.—When is a man a Union man? When he proposes to be? No! for all Copperheads do that. How can we tell but by deeds? No man who fights the Union party nominees is a Union man. What worse can a Copperhead do? Any man who professes Unionism while fighting against the Union ticket, is a hypocrite, whose actions speaking louder than his false words, proclaim him an enemy.

TWO MEN SHOT.—The Marin *Journal* of the 18th says:

John and Peter Ward were the recipients of a charge of shot belched from the barrel of a shotgun in the hands of James McM. Shafer, on board of the steamer Contra Costa, on Monday evening last, by the accidental discharge therof. They received quite a peppering about the face and neck, but were not seriously injured. Mr. Shafter promises to be careful in the future while handling firearms.

HOMICIDES.—The Sonoma *Democrat* furnishes the following particulars of the late terrible shooting which took place at Little Lake, Mendocino county, on the day of Election, a mention of which was made in the ENQUIRER of last week:

It appears that a deadly feud has existed for years between two families living at the above place, named Frost and Coates—the former Democrats, and the latter Republicans. Several rows had occured between members of the two families, and about a year ago one of the Frost boys was badly beaten by two or three of the other party. Since then a collision has been daily expected. On election day they all met at the polls—two Frost brothers, their father and and a brother-in law, named Duncan, on one side, and the four Coates brothers and the old man Coates on the other. An altercation arose between Duncan and the elder Coates, when the latter struck the former, who knocked his assailant down with a distol. One of the Coates brothers instantly shot Duncan, and then the fight became general, both sides firing rapidly. All the Coates brothers were killed on the spot. Duncan and two others were mortally wounded. None of the Frosts were shot. The Frost family is from Davis county Missouri. The above account of this bloody affair was given us, hurriedly, by a gentleman from Mendocino county, who passed through our town on the stage yestarday morning.

THE BALL.—The social ball given at Gold Run by Mr. Jewell on Tuesday evening last is represented to have been one of the pleasantest that has occurred in this vicinity.—Preparations had been made for a greater number than attended—about ninety—and the best of good feeling prevailed the entire evening. We acknowledge the receipt of a beautiful frosted cake weighing about thirty pounds, a present from the amiable host of the Hackett House. Wish they'd give a ball every week.

"DEMON," the celebrated saddle horse lately sold at raffle in this place, is offered at sale. This is the horse that kicked the top of Mr. Flarridan's head off, bit out the seat of Mr. Comstock's unmentionables and jumped over Mr. Seffens' head while that gentleman was endeavoring to bridle him. Warranted to baffle the approach of any hostler in town, and to throw the most expert jockey who may bestride him. Demon is a beautiful six year old, the handsomest horse in town, and may be seen with safety (through a knot-hole), at Mr. Seffens' stable—of which premises he has supreme control. For further information touching Demon, apply to Messrs. Flarridan, Comstock, or Seffens. Demon was raffled at $50 and is offered at twenty-five per cent. advance upon that price. TAXABLE PROPERTY OF PLACER COUNTY, 1867.—We take from the Recorder's books the following official figures. They speak well for the prosperity of the county, and especially for District No. Two, composed of Townships No. 3, 4 and 11. This statement does not include the Supplemental Assessment, however, which will doubtless considerably increase the amounts given below. The statistics will be interesting to the tax-payers of the county;

Real Estate.	Personal Property.	Total.	Amt of Tax.
District Number One.			
$ 378,889 ..	$ 502,956 ..	$881,501 ..	$19,840 52
District Number Two			
$1,478,890 ..	$1,038,201 ..	$2,517,091 .	$56,634 55
District Number Three.			
$ 252,475 ..	$ 455,315 ..	$ 707,790 ..	$15,925 28
$2,110,269 00	$1,996,482 00	$4,106,682 00	$92,400 35

Of the above $92,400 35 the State will receive $46,405 51 and $45,994 84 goes to the County Treasury for county purposes.

DR NELSON'S HOUSE.—In speaking last week of this unique structure, we neglected to mention the fact, that all the partitions are made of the same material, and in the same manner as the main shell. That is, of two by four inch scantling laid flat, on top of the other, and nailed together. It will be easily understood that this makes an exceedingly strong house; not easily set on fire, nor a mere whispering gallery; but an elegant, solid, and comfortable mansion. Match it who can.

"ONE MORE UNFORTUNATE." Charles Schade, late drummer for the Douglas City Rifles, has probably left the world by his own hand. We regret it from the fact that Charley was a good citizen and a true man to his adopted country. He was missed at his residence in Douglas City from Tuesday to Thursday, on which day his house was entered, and on the table lay a note which reads as follows:

Jacob Paulsen:—I am tired of life, and want to go out of this imperfect world. I am sometimes sick at heart and do not know what I am doing. All is vanity in this world. I have one request to ask of you: You will find in my wood-shed, under the oak wood, $1,400. I have placed an old broom over it. You will find $200 in the coffee-pot, under the coffee-mill. Be kind enough to send the money to my sister, Miss Antonie Schade, (Geo. Werther) Nordhausen, Prussia. Everything else in the cabin I will present to you. Write to my sister and say that I died. Good bye

C. SCHADE.

P. S.—I have gone to the river.

The fact that Schade was missing for two days induced his comrades to force an entrance to his house. On the table the above letter was found, and the money was discovered in the coffee-pot and under the wood-pile, as stated. Schade was here on Monday, evidently laboring under depression of spirit, and bought a revolver. He has been tracked to the river, where doubtless he ended his own life, for the report of a pistol was heard by several persons in the vicinity at a late hour on Tuesday evening. Again do we express our regret that so good a citizen as Charley Schade could be induced to do so rash an act with no better incentive.—*Trinity Journal.*

SHOOTING AFFAIR.—The Nevada *Gazette* of October 22d, says, that a man named William Moriarity was shot at Red Dog, on Sunday evening, by John Jerrold, and dangerously wounded. The difficulty happened in Craig's saloon, over a game of cards. A party were playing pitch seven-up, when a dispute arose between Moriarity and Jerrold, and they rose from the table "to fight it out." Jerrold drew a revolver as he rose from his seat, and fired, the ball striking Moriarity in the back and entering his body. He probably turned to flee as he saw the revolver. Jerrold endeavored to fire a second time, but was prevented by parties standing around. Moriarity was alive yesterday morning, but it was not known what direction the bullet had taken, consequently no opinion can be formed as to where the wound is likely to prove fatal. Moriarity is a shoemaker by trade, and has a family at Red Dog. Both men are regarded as quarrelsome, Jerrold being in the habit of drawing a pistol on the slightest provocation.

Any stock upon which said assessment shall remain unpaid on the 19th day of November, 1867, shall be deemed delinquent, and unless payment be made before will be sold on Wednesday, the 4th day of December, 1867, to pay the delinquent assessment, together with costs of advertising and expenses of sale. CHOLERA!

MR. PERRY DAVIS:—Sir: The benefits I have received from the use of your invaluable remedy, the Pain Killer, induces me to pen you a word in its praise. Experience has convinced me that for Headache, Indigestion, Pain in the Stomach, or any other part of the system, severe Chills, Weariness, common Colds, Hoarseness, CHOLERA, CHOLERA MORBUS, Diarrhœ, Dysentery, Toothache, etc., THERE IS NOTHING BETTER THAN THE PAIN KILLER. I have this hour recovered from an attack of the Sick Headache, by using two teaspoonsful, taken at thirty minutes interval, in a wine glass full of hot water. I am confident that, through the blessing of God, it saved me from the cholera during the summer of 1843. Traveling amid heat, dust, toil, change of diet, and constant exposure to an infected atmosphere, my system was daily pre-disposed to dysentery attacks, accompanied with pain, for which the Pain Killer was a sovereign remedy, one teaspoonful curing the worst case in an hour, or, at the most half a day. I have heard of many cases of Dysentery being cured by its use. Put in the teeth, it will stop the toothache. Gratitude and a desire for its general use, has drawn from me this unsolicited testimonial in its favor.

ESSENCE OF JAMAICA GINGER.

THIS valuable preparation, containing in a highly concentrated form all the properties of the Jamaica Ginger, has become one of the most popular domestic remedies for all diseases of the stomach and digestive organs.

As a tonic it will be found invaluable to persons recovering from debility, whether produced by fever or otherwise, for whilst it imparts to the system all the glow and vigor that can be produced by wine or brandy, it is entirely free from the reactionary effects that follow the use of spirits of any kind.

It is also an excellent remedy for females who suffer from difficult menstruation, giving almost immediate relief to the spasms that so frequently accompany that period.

It gives immediate relief to Nausea, caused by the riding in a railroad car, or by sea-sickness, or other causes. It is also valuable as an external application for Gout, Rheumatism, Neuralgia, etc.

MISCELLANEOUS ITEMS.

SOLDIER KILLED BY AN OFFICER AT DRUM BARRACKS.—The Los Angelses *Republican* says that on the 9th inst., while the troops at Drum Barracks were being got in rediness for the march to Arizona, a Sergeant, belonging to the 32d Infantry, who was lying in his bunk intoxicated, was ordered by Lieut. W. W. Wood to get up and perform some duty, which order he refused to obey, and showing a disposition to be violent, he was shot by that officer, killing him almost instantly. Lieut. Wood proceeding with his command *en route*, the same day, was followed and arrested near El Monte, by Constable Furman and taken to Wilmington for examination before the civil authorities.

SHASTA COUNTY.—These items are from the *Courier*, 19 instant:

Last week Newton, who robbed Barsto, in 1856, on Trinity Mountain, accompanied by a man who robbed Langley's Downieville Express, stopped at Bell's on Clear Creek, and then went from there to Texas Spring. They were gone a day or two, when they returned to Bell's, and went from there in the direction of Red Bluff. Both these men have served out their terms in the State Prison. What their business is in this vicinity no one knows.

A few evenings since an old Frenchman, who lives at Lower Springs, was stopped by a couple of footpads, on the road, near Middle Creek, and the ruffians proceeded to "go through" him regular professional style. The old man had no money about his person, and on satisfying themselves of that fact, the road agents brandished their pistols and ordered him to "git," which he did without argument or delay.

A boy named George Emmons, says the Grass Valley *Union* of the 20th, was yesterday accidentally shot by another boy named Mallie Stone, while both boys were gunning out in the vicinity of Warner's ranch. An owl flew by, and young Stone fired at it with his shot gun, and a portion of the charge lodged in the body of young Emmons, who was distant from the other boy about sixty yards, and was unseen by Mallie when he discharged his gun.

A DISTINGUISHED clergyman in a Connecticut town recently attended a circus on the same afternoon on which he had engaged to officiate at a funeral, and, watch in hand, enjoyed the evolutions of the ring until compelled reluctantly to leave and fulfill his funeral engagement. He had, says an eye witness, the sympathy of the entire audience.

SUICIDE.—On the 13th inst., says the Los Angeles, *News*, a Californian named Clervala deliberately blew out his brains with a double-barrelled shot-gun. Both barrels were fired simultaneously. Cause—as usual—a woman.

NO PRACTICE THERE.—An old lady announced in Court at Atlanta that she "had no counsel—that God was her lawyer." "My dear madam," replied the Judge, "he does not practice in this Court."

A CLERGYMAN one Sunday at the close of his sermon, gave notice to his congregation that in the cours of the week he expected to go on a mission to the heathen. One of his parishioners exclaimed, "Why, my dear sir, you have never told us one word of this before. What shall we do?" "Oh, brother!" said the minister, "I don't expect to go out of town."

THE Turkish Ambassador was at a public dinner, in company with some magnates of the land. The President gave as a toast in compliment of his Excellency, "the Sublime Porte and the Turkish Ambassador." The waiter echoed it down the table: "A supply of pork for the Turkish Ambassador.

A WHILE ago a farmer lost his wife, and out of love for her memory called his estate 'Glenmary.' A neighbor having met with the same affliction and equally desirous of keeping before him the image of his dear departed, followed the example, and his farm is now known by the name of Glenbetsy.

AN Irishman, speaking of his children said, "They are all well but the one born in this country. I must take him to the Green Isle for I believe he is languishing for his native air, that he never smelt at all.

IT is stated that General David Hunter has just purchased a $25,000 house on E street, in Washington. The house is a very elegant one, and sold for much less than its original cost. It was built by Senator Gwin, of Louisiana.

GENTLEMAN (to boatman).—"You must often, I should think, get wet, do you not?"

Artless boatman.—"Yes, yer honor, we does, wery wet, wery wet indeed; but I'm wery dry just now, yer honor, and no mistake.

THIS CELEBRATED INSTITUTE

has enjoyed on this coast an uninterrupted success of fourteen years, and has become one of the renowned Hospitals of the age. What the celebrated Lock Hospital is to London, and the no less renowned establishment of Ricord is to Paris, this Institute has become to the Pacific coast. The thousands annually received and cured place it in point of number of patients among the very first of the world and the success of its treatment ranks it second to none.

PRIVATE DISEASES IN MALES and IRREGULARITIES IN FEMALES are the great destroyers of health. They insidiously attack the system and gradually undermine and destroy it: they drive the bloom from the cheek, the lustre from the eye, the strength from the frame; they give to the world puny and diseased offspring, and poison, through successive generations the race of man. The marks can be seen in Scrofula, Consumption, Cripples, the Idiotic, the Paralytic, the Insane, etc.

There is no more terrible scourge to the human race than those diseases arising from the contamination of Venerial Poison. The mildest forms, by retreating to the blood, hold over the afflicted one the destruction that is liable at any moment to fall and blight—to utterly destroy—all earthly hopes.

MERCURY, recognized as the most fatal medical enemy to man, combining with the Venereal, doubles its dangers. Those who have been treated with that pernicious mineral poison are not cured; the disease has only assumed a new form.

Do not be satisfied with partial cures

that leave the poison to crawl through the system, eating its way into the tissues and organs beneath the apparently smooth surface, to burst out in the future with a virulence that will baffle the effects of medicine. WHEN PERFECT CURES can be obtained by consulting a physician whom long practice and thorough investigation into the causes of DISEASES of the URINARY ORGANS enables to determine at once the nature of the disease.

In all cases entrusted to the Doctor's care, PERFECT, SPEEDY and PERMANENT,

Cures are Always Guaranteed.

In syphilis and its adjuncts; Gonnorrhœa and its accompanying diseases; and all diseases of the Bladder, Kidneys, and prostrate; Seminal Weakness Diseases of the Heart and Lungs; Dyspepsia; Indigestion, Impotency; Incipient consumption, and all diseases of the urinary organs, in either sex, cure always warranted, NO PAY REQUIRED, at the

Private Medical Institute,

No. 536 Washington street, San Francisco, Cal.

Seminal Weakness or Spermatorrhœa

The young man who experiences that growing weakness in his muscular and mental organization should stop to consider whence it arises. He will find in the weakness of the back, trembling of the limbs, disordered digestion unaccountable failing of the powers of the mind, distaste for society, dread or impending trouble, forebodings of evil, sleeplessness, troubled and lascivious dreams, accompanied by growing deafness, loss of muscular power, and numerous other symptoms of disorganization, the positive traces of that most terrible and destructive of all diseases Seminal Weakness—wasting away his powers, destroying his hope of life and manhood, and dragging him along the broken path of his existence towards a premature and loathsome grave. To him who finds his life dribbling out in the discharge of the vital principle of existence in nocturnal and diurnal emissions, the mere cessation of its appearance brings no assurance of relief.

Marriage, that holy office, the safeguard and hope of manhood, brings to such an one no hope of cure, but adds to his misery in the knowledge that the one, who looks to him for so much of her happiness, is a victim to his evil; and an innocent companion of his punishment. He adds to his misery and disorder until hope leaves him. There is no rescue except in proper and skillful treatment. Consult then, at once, a physician whom long practice and careful research has made thoroughly conversant with every phase of the disease. Those who have become the victims of solitary vices, that dreadful, fascinating and destructive habit, which fills thousands o sick-rooms with paralytics and consumptives, and hundreds of untimely graves with its misguided victims, should consult, without a moment's delay, one who will sympathize with their sufferings. To such the Doctor would especially address himself, giving to each and all assurance of a PERFECT and PERMANENT CURE, without hindrance to business, change of diet, or fear of exposure.

Do not forget the address. See below.

Important to Females.

When a female is in trouble or afflicted with disease and requires medical or surgical assistance, the enquiry should be, Where is there a physician who is fully competent to administer relief, and whose respectable standing in society recommends him to the confidence of the community? The Doctor understanding how imperatively necessary these requirements are, feels called upon to interpose, and beg the attention of the afflicted to the fact that he has been a Professor of Obstetrics and Female Diseases for twenty years, and is fully qualified to administer in all cases, both medically and surgically, not in a superficial manner, but in as thorough a manner as years of study and practice—both in hospitals and private families—can make, to save them from the hands of the unqualified, unscrupulous and designing. Therefore families can rely upon him as upon a father. All in affliction, can find in him one who will feel and sympathize with and befriend them in trouble—one in whose secrecy the utmost confidence can be placed. Consultation by letter or otherwise, FREE. See address below.

THE CELEBRATED FEMALE REMEDIES, compounded from the private prescription of Dr. Young, have now obtained a most extended popularity, and are correctly viewed to be the safest and surest remedies for the complaints for which they are applied. The constantly accruing testimonials of their efficacy declare them to be pre-eminently superior in their action. No lady should be without these Renovating Agents. None genuine unless procured at this office.

HOPE FOR THE AFFLICTED.—In another part of this paper will be found the advertisement of the celebrated Institute established by Dr. J. C. YOUNG, in 1850. In this age of deceit and charlatanism, it is a boon to the suffering to point out to them where they are sure of obtaining the wished for relief and cure. Under the care of the skillful Doctor the sick and troubled can divest themselves of their burdens of pain; lay aside their cross, and secure health and happiness. If you are sick or in trouble, do not hesitate. Read the advertisement and follow the advice. Do not forget the number or the manner of directing your letters. Consultation Office, 536, Washington street, San Francisco. Dec-3m

MEDICAL ADVICE.—DR. WM. K. DOHERTY'S Medical and Surgical Institute is becoming a sine qua non to the welfare of our State and health of our citizens; and his rapidly spreading reputation, although it may excite surprise, is but the signal of skill, and follows as the natural result of such a cause. We are personally acquainted with gentlemen who had suffered for years under chronic disease, and who had taken advantage of every available means that promised relief, but without success, until they called upon Dr. Doherty, who, in an incredibly short space of time, has given them entire relief. It is gratifying to announce this fact, because the Dr. is a gentleman who seeks, not by defamation of others to establish his reputation or ruin of another's name. The Doctor conducts his own institute in such a manner must be gratifying to all his patients. He examines, advises, and recommends without charge, and the patient, after hearing his terms for treatment, can accept or reject at pleasure. In no case does the Doctor make a charge unless he effects a cure. This he is able to do, because he feels the confidence which long experience has given, and no doubt the consolation which appertain to that confidence. Persons afflicted with either acute or chronic disease, would do well to consult the Doctor; at all events, it can do no harm, as for consultation he asks no fee; nor does he insist on obedience to his advice, unless the patient places himself under his care. His offices are on Sacramento street, opposite the Pacific Mail Steamship office.—News

SPECIAL MEDICAL NOTICE.—DR. CHAS. H. TOZER would most respectfully inform the sick and afflicted that his MEDICAL INSTITUTE is removed to No. 108 Montgomery street, next door to the Occidental Hotel, San Francisco. Having relinquished my old modes of advertising, which has become so common with all the Quack Doctors of San Francisco, filling up the newspapers with false references, for the purpose of imposing upon strangers. I think it is only necessary to inform those in need of a Physician of long experience and successful practice, that I can be consulted at all business hours, at my Medical Institute, corner of Kearny and Jackson streets, San Francisco.

Ladies suffering from the Whites, Piles, Weakness of the Back, Pain in the Side, Headache, Palpitation of the Heart, Derangement of their Monthly Sickness, and all other diseases that the Female System is subject to, will find prompt relief by applying to DR. TOZER.

My Female Monthly Pills were never known to fail in giving relief in those cases for which they are recommended. To be obtained only at my office. Price $5 00 with full directions on each Box. Sent by mail or express.

Address CHAS H. TOZER, M. D., San Francisco, Cal., or Lock Box, 1884. Consultation Free. ☞ All communications strictly confidential.

MEDICAL.

FRENCH MEDICAL OFFICE.

DR. JULIEN PERRAULT, Doctor of Medicine of the Faculty of Paris, Graduate of the University Queen's College, and Physician of the St. John Baptiste Society of San Francisco.

DR. PERRAULT has pleasure to inform patients, and others seeking confidential medical advice, that he can be consulted daily at his office, Armory Hall Building, North-East corner Montgomery and Sacramento streets, San Francisco. Rooms No. 9, 10, 11, first floor, up stairs entrance either Montgomery or Sacramento streets.

DR. PERRAULT'S studies have been almost exclusively devoted to the cure of the various forms of Nervous and Physical Debility, the results of injurious habits acquired in youth, which usually terminate in impotence and sterility, and permanently induce all the concomitants of old age. Where a secret infirmity exists involving the happiness of a life and that of others, reason and morality dictate the necessity of its removal, for it is a fact that premature decline of the vigor of manhood, matrimonial unhappiness, compulsory single life, etc., have their sources in causes, the germ of which is planted in early life, and the bitter fruit tasted long afterward; patients, laboring under this complaint, will complain of one or more of the following symptons: Nocturnal Emissions, Pains in the Back and Head, Weakness of Memory and Sight, Discharge from the Urethra on going to stool or making water, the Intellectual Faculties are Weakened, Loss of Memory ensues, Ideas are clouded and there is a disinclination to attend to business, or even to reading, writing or the society of friends, etc. The patient will probably complain of Dizziness, Vertigo, and that Sight and Hearing are Weakened and sleep disturbed by dreams, melancholy, sighing, palpitations, faintings, coughs and slow fever; while some have external rheumatic pain, and numbness of the body. Some of the most common symptons are pimples in the face and aching in different parts of the body. Patients suffering from this disease, should apply immediately to DR. PERRAULT, either in person or by letter as he will guarantee a cure of Seminal Emissions and Impotence in six to eight weeks.

Patients suffering from venereal diseases in any stage Gonorrhea, Gleet, Strictures, Bubo Ulcers, Cutaneous Eruptions, etc., will be treated successfully. All Syphilitic and Mercurial Taints entirely removed from the system.

DR. PERRAULT'S diplomas are in his office, where patients can see for themselves that they are under the care of a regularly educated practitioner. The best references given if required.

Patients suffering under chronic diseases, can call and examine for themselves. We invite investigation; claim not to know everything, nor to cure everybody, but we do claim that in all cases taken under treatment we fulfill our promises. We particularly request those who have tried this boasted doctor, and that advertised physician, till worn out and discouraged, to call upon us.

Low charges and quick cures.

Ladies suffering from any complaint incidental to their sex, can consult the doctor, with the assurance of relief.

Female Monthly Pills.

DR. PERRAULT is the only agent in California for DR. BIOT'S Female Monthly Pills. Their immense sale has established their reputation as a female remedy, unapproached, and far in advance of every other remedy for suppressions and irregularities, and other obstructions in females. On the receipt of five dollars, these Pills will be sent by mail or express to any part of the world, secure from curiosity or damage.

Persons at a distance can be cured at home, by addressing a letter to Dr. PERRAULT, corner of Sacramento and Montgomery streets, Rooms, 10 and 11, or Box 973, P. O., San Francisco, stating the case as minutely as possible, general habits of living, occupation, etc.

All communications confidential. je 28-1y
